

Clarification Log

Ref	IO/22/CFE/10024053/MKI
Title	Manufacturing Support for the Disruption Mitigation System
Log No	1

No	Ref. Document	Questions from the Tenderer		Answers from the IO	
		Contents	Date	Contents	Date
1	Technical Specifications_65ZQXV_v1.0 / PIN	We understand we will have to assign technical experts for this service contract. Considering the specific requirements and conditions, we envisage that it may require a team of experts. Could you please clarify if our understanding is correct. If yes, how many experts do you expect to be on this team?	1-Sep-22	For these kind of contracts we would expect one person being full time at the ITER site.	8-Sep-22
2	Technical Specifications_65ZQXV_v1.0 / PIN	We could not find if the entire work has to be carried out at ITER premises or if there is a split between the offsite and onsite work (for e.g. 60:40).	1-Sep-22	We will require the expert to be working closely together with the team in person at the ITER site.	8-Sep-22
